

Websites . . .

Does your Club want or need an Online Presence?

Does your Club need a place to post Events, Newsletters, Club Information?

Does your Club have a problem finding a member to handle website duties?

Does your Club not do a website because of expense or complexity?

If you answered **YES!** to these questions then a Website Membership in the SD Shooting Sports may be just what your club is looking for! SDSSA is now offering member Clubs & Organizations 2 different levels of webpage memberships. These memberships offer your club a basic online presence without the added headaches of website design and development, or the high cost of a stand-alone website. It's always hard for a Club or Organization to find a member with the talent and time to build a webpage, find a hosting service and keep the site maintained.

So why not let SD Shooting Sports do that for you.

Here is what an SDSSA can do for your club's online needs!

- * Design and develop a web presence for you
- * Host your website on our SDSSA server
- * Post Photo's
- * Put our Newsletters on your web space
- * Post shoot results
- * Post your club's contact information
- * Post club directions or a map
- * Keep your site up to date for you
- * Reduce mailing costs by having membership info, newsletters and schedules on line for easy access.

And more!
